# ASIAN PACIFIC SOCIETY OF CARDIOLOGY EMERGING LEADERS

**SCHOLARSHIP 2022**

## INTRO SPEECH

The Asian Pacific Society of Cardiology aims to facilitate communication, collaboration and professional development in the advancement of science and medical practice of cardiovascular diseases within the Asia-Pacific region.

Since the dawn of the 21st century, the Asia-Pacific region has been progressively thrust to the forefront of cardiology developments. Home to half the world population, alongside a rapidly ageing demographic, it is vital that the APSC hones the skills necessary for the next generation of leaders to spearhead progress within the field of Cardiology.

The APSC Emerging Leaders programme focuses on the qualities of an effective leader and the importance of building a team. In its fourth edition in 2022, we will also be focusing on hypertension, engaging key leaders as well as the emerging youngers. You can expect discussion and engagement in the area of community project for the screening and treatment of hypertension, especially in underprivileged and underserved communities.

We welcome you to join us in this educational endeavour, made possible with the support of Fondazione Internazionale Menarini.

**Jack Tan, Chair**

**Bijoy Khandheria, Co-Chair**

**Kenny Sin, Programme Director**
